Tennessee Permit No.: TNHW-109

Dear Mr. Loving:

The Division of Solid Waste Management (Division) has completed the review of the project implementation schedule for the Springdale Apartments North Portion. This project schedule was submitted in response to Chuck Head's letter, dated December 9, 2009, requiring Velsicol to perform investigation and remediation activities at the Springdale Apartments. All investigation and remedial activities will be performed following the corrective action requirements of Velsicol's Hazardous Waste Permit No. TNHW-109. The Corrective Action Section will oversee all investigation and remedial activities performed by Velsicol.

The Division agrees with the approach and schedule of proposed activities at the Springdale Apartments North Section. If you have any questions, please contact Charlie Burroughs at (615) 532-0863 or me at 615-532-0864.

Sincerely,
